Good evening Azucena,

Please see attachments for our resubmittal of the Tres Lagunas / Three Seas Restoration Project.

- RFI Resubmittal Package - "CNRA Final RFI - Water Import Proposal - 10-11-2021"
- Executive Summary - "CNRA - Tres Lagunas - Executive Summary"
- Maps and Layers - "Tres Lagunas SCH (2).km" ****Proprietary Information and not for public distribution****
- Project Budget - "SaltonSeaWaterImportationProject_Tres Lagunas_Final" ****Proprietary Information and not for public distribution****

Please confirm receipt of this email being received and access to all four attachments. We appreciate your help with coordination of this submission. Maybe you can advise on how a project would be evaluated that might be a new project submittal with a similar / identical concept to our original / current concept who had access to our project's details published on the website through the previous review?

We are excited to provide a public presentation when we receive notification of details and dates. We greatly appreciate your consideration of our project during the review of proposals. We are always available to answer any questions as they come about.

Best,
