Subject: Submittal of ADDENDUM.

Greetings, Azucena:

I am sending you my supplement ADDENDUM. I have divided my proposal into five segments for easier understanding. The files are marked (for my identification) with 3+(I); 3+(II); 3+(III); 3+(IV); and 3+(V).

Also, I am including a link to the recording of my recent presentation to the California Energy Commission.

Here's the link to the recording:

- Also, I am including copies of my recent presentation at the World Geothermal Congress (WGC 2020+1) on June 15, 2021.

I have difficulties to include in the attachment five files (segments). I will try to send it after I send this two.

Sincerely,

Nikola N. Lakic
