

Salton Sea Long-Term Water Importation Review

Independent Review Panel Update: Screening Report Completed

This informational zoom meeting presents the results of the first review of concepts for water importation that were submitted as part of the State's 2017 RFI and the Panel's 2021 RFI. The Screening Report identifies which concepts provided sufficient information to be evaluated and also involved importation methods. The meeting will be hosted by Project Coordinator Azucena Beltran and feature project PI Brent Haddad on behalf of the Panel. Professor Haddad will also provide an update and overview of the entire Panel process.

Monday, April 11th 5:30-6:30pm

Spanish Interpretation Available
